### Building 776 modification #6 approval

Dear Mr. Legare:

We have received and reviewed the proposed minor modification #6 to the final Building 776/777 Decommissioning Operations Plan, as submitted with your letter of February 13, 2001. We also received a page change on February 21, 2001 modifying language for set 52RCRA closure information.

With the addition of the page change the modification #6 is acceptable and this letter constitutes approval according to paragraph 127 of the Rocky Flats Cleanup Agreement.

Note also that due to the usage of the collaborative process in development of this minor modification, the LRA is well aware of the operations to be performed and, in this instance, waives the 21 day RFCA notification requirement, thus permitting operations described by this modification to be conducted immediately.

Should you have any further questions on this matter please contact Steven Gunderson at (303) 692-3367 or Edd Kray at (303) 692-2115.

Sincerely,

Steven H. Gunderson
